CONTENTS.

OPHTHALMOLOGY.

PAGE.

I. IDENTICAL RETINAL IMPRESSIONS OF CORRESPONDING POINTS NOT NECESSARY FOR BINOCULAR SINGLE VISION. By *F. B. Eaton*, M. D., of Portland, Ore 451

II. WHICH NERVES GIVE RISE TO THE SENSATION OF PHOTOPHOBIA? By *H. Gradle*, M. D., of Chicago 454

III. THE IRIS, AS DIAPHRAGM AND PHOTOSTAT. By *Charles F. Prentice*, M. E., of New York 456

IV. REMOVAL OF THE SUPERIOR MAXILLARY BONE FOR SARCOMA, INVOLVING THE CEREBRAL AND ORBITAL CAVITIES AND THE ANTRUM OF HIGHMORE. By *Walter B. Johnson*, M. D., of Paterson, N. J 466

V. TRAUMATIC PARALYSIS OF THE EXTERNAL RECTUS. By *Wm. E. Bruner*, A. M., M. D., of Cleveland, Ohio 473

VI. A CASE OF SYMPATHETIC OPHTHALMIA FROM IRIDECTOMY. By *Samuel L. Ledbetter*, M. D., of Birmingham, Ala 476

VII. THE VALUE OF SCOPOLAMIN HYDROCHLORAT IN TESTING REFRACTION. By *T. E. Murrell*, M. D., of St. Louis, Mo 478

VIII. THE FORMATION OF THE STUMP AFTER AN ENUCLEATION. By *George F. Suker*, M. D., of Toledo, Ohio 484

IX. PULSATING EXOPHTHALMOS. By *V. T. Churchman*, B. S., M. D., of Charleston, W. Va 486

X. NOTES ON THE RECENT MEETING OF THE GERMAN OPHTHALMOLOGICAL SOCIETY. By *Casey A. Wood*, M. D., of Chicago 491

XI. CLONIC BLEPHAROSPASM, OF HYSTERICAL ORIGIN, IN A MALE. By *Wendell Reber*, M. D., of Pottsville, Pa 495

XII. DESCRIPTION OF AN IMPROVED FORM OF TRIAL FRAME. By *Charles A. Oliver*, A. M., M. D., of Philadelphia, Pa 498

XIII. THREE CASES OF EYE DISEASES OF DENTAL ORIGIN. By *A. A. Foucher*, M. D., of Montreal 500

XIV. ABSTRACTS FROM CURRENT AMERICAN AND ENGLISH OPHTHALMIC LITERATURE. By *Charles H. May*, M. D., of New York 503

Preliminary Report of 612 Cases of Convergent Squint with Special Reference to the Final Results of Operation. Transplantation of a Strip of Skin into the Inter-marginal Space of the Lids. The Association of Certain Forms of Myopia with Disease of the Nose and Pharynx. Cataract Operations Between the Ages of 80 and 90, with Table of Cases. A Clinical Study of 167 Cases of Glaucoma Simplex. Several Considerations on the Application of Electrolysis in Twelve Cases of Detachment of the Retina. Penetrating Wounds of the Eyeball. The Ocular Symptoms of Locomotor Ataxia. The Pupil in Health and in Epilepsy. Affections of the Eye in Connection with Gout. How Javal's Keratometer May Be Easily Changed into a Good Chromatometer for the Examination of Patients as to Color-blindness.

XV. ABSTRACTS FROM CURRENT FOREIGN OPHTHALMOLOGICAL LITERATURE. By *Casey A. Wood*, M. D., of Chicago 519

Massage of the Eye. Panophthalmitis Produced by Old Leucomata Adherentia. Anterior Synechiæ and their Treatment by Synechotomy. Fibro-Sarcoma of the Orbit. The Pneumococcus in Ocular Pathology. What is the Best Treatment of Old Herniæ of the Iris? The Ocular Complications of Diabetes. Operations for Secondary Cataract. Some Theories Relative to the Causation of Glaucoma.

OTOLOGY.

XVI. AN OTOLOGICAL CONVENIENCE. By *Henry A. Alderton*, M. D., of Brooklyn 525

XVII. A NEW MIDDLE EAR SYRINGE. By *W. H. Bates*, M. D., of New York 527

XVIII. A NEW MASTOID RETRACTOR. By *Max Thorner*, A. M., M. D., of Cincinnati, Ohio 528

XIX. A CICATRIX OF THE MEMBRANA TYMPANI, VIBRATING SYNCHRONOUSLY WITH THE RESPIRATION AND THE PULSE. By *Henry A. Alderton*, M. D., of Brooklyn 531

XX. Dr. Passow's Method of Transplantation for the Radical (Mastoid) Operation in Chronic Suppurations of the Middle Ear. By *Max Thorner*, of Cincinnati 533

XXI. Eczema of the Ears. By *J. Abbott Cantrell*, M. D., of Philadelphia 535

XXII. Tinnitus Aurium and Some Results Obtained by its Treatment with Conhn Hydrobromate. By *Vincent Gomez*, M. D., of Brooklyn, N. Y 540

XXIII. The Evils of Wilde's Incision—A. Chipault and A. Demoulin. Translated by *Vincent Gomez*, M. D., of Brooklyn, N. Y 547

XXIV. Translations from Current Foreign Otological Literature (Abridged). By *H. A. Alderton*, M. D., of Brooklyn, N. Y 551

Treatment of Cerebral Abscess. Sequel to Otitis Media. Eczema of the External Auditory Canal. Foreign Body in the External Auditory Canal. Collection of Ascarides Developed in the Interior of the Mastoid Process; and Spontaneously Discharged Externally. Influence of Fatigue upon the Auditive Function. A Case of Myxo-Sarcoma of the Tympanum. Abscess of the Maxillo-Pharyngeal Space; Ulceration of Internal Carotid; Opening of the Purulent Pocket into the Pharynx and into the External Auditory Canal without Lesion of the Tympanum. Intra-Tympanic Injections in the Treatment of Dry Catarrh of the Middle Ear. Stacke's Operation in Sub-Dural Abscesses. Austrian Otological Society.

XXV. Abstracts from Current Foreign Otological Literature. By *T. Melville Hardie*, M. D., of Chicago 561

Proceedings of the Fourth Meeting of the German Otological Association. Methods of Operation in the Various Brain Complications of Otitic Origin. Iron, Silver, Lead and Mercury in Diseases of the Ear. Shall we be Conservative or Radical as Regards Operation in Acute Mastoiditis? An Unusual Case of Otitis Externa. The Prophylaxis and Treatment of Purulent Otitis Media in Infants.

XXVI. Abstracts from Current American and English Otological Literature. By *Leonard A. Dessar*, M. D., of New York 576

The Prime Effect Upon the Ear of Nasal Stenosis. Otitis Media as a Complication of Pneumonia. Acute Attical Disease. Mastoid Operations in Diabetes.

Deafness from Intra-Nasal Disease. Vibratory Treatment for Deafness. The Prevention of Mastoid Empyema. An Electric Pressure Sound for the Direct Vibration of the Membrana Tympani.

NEUROLOGY.

XXVII. ABSTRACTS FROM CURRENT NEUROLOGICAL LITERATURE. By *Wendell Reber*, M. D., of Pottsville, Pa 584

Progressive Muscular Atrophy Involving in its Later Stages the External Ocular Muscles. The Differential Diagnosis of Traumatic Intra-Cranial Lesions. A Case of Sub-Acute Nuclear Ophthalmoplegia with Paralysis of the Extremities. The disturbances of Sensibility of the Globe of the Eye and its Appendages in Locomotor Ataxia. Intra-Cranial Gumma(?) with Ocular Symptoms Hysterical Amblyopia and Amaurosis. Tabes Arrested by Blindness.

RHINOLOGY AND LARYNGOLOGY.

XXVIII. THE COMPARATIVE PATHOLOGY OF THE NEGRO IN DISEASES OF THE NOSE, THROAT AND EAR, FROM AN ANALYSIS OF 11,855 CASES. By *W. Scheppegrell*, A. M., M. D., of New Orleans, La. 589

XXIX. REPORT OF A CASE OF DOUBLE PEDICULATED MYXO-FIBROMA. By *C. W. Richardson*, M. D., of Washington, D. C 594

XXX. THE ADVOCATION OF A NEW METHOD OF OPERATION FOR MARKED DIFFUSE CARTILAGINOUS DEFLECTION OF THE NASAL SEPTUM. By *Seymour Oppenheimer*, M. D., of New York 598

XXXI. TRANSLATIONS FROM CURRENT FOREIGN LARYNGOLOGICAL LITERATURE (ABRIDGED). By *J. W. Gleitsmann*, M. D., of New York 602

Autoscopy of the air passages (inspection without laryngeal mirror.)

XXXII. ABSTRACTS FROM CURRENT RHINOLOGICAL AND LARYNGOLOGICAL LITERATURE. By *M. D. Lederman*, M. D., of New York 606

Physiology and Anatomy of the Nose. Recurrent Nasal Fibroma. Multiple Benign Papillomata of the Buccal Mucous Membrane. Tuberculosis of the Upper Air Passages. Experiences with Paquin's Anti-Tubercle Serum in the Treatment of Laryngeal Tuberculosis. An Extreme Case of Angina Ludovici Arising from an Inflamed Tooth. Trigeminal Neuralgia and Nasal Disease. The Etiology of Nervous Polypi of the Nose.
